Increase In Rates Canceled

Telephone Compnay Ordered by PSC to Return Amounts Already Collected

JEFFERSON CITY, Mo., Feb. 23 — (AP) — The Missouri Public Service Commission canceled a Southwestern Bell Telephone rate increase today. It ordered the company to refund amounts collected under the new rates.

A $3,228,000 increase went into effect Feb. 1.

But last Monday Circuit Judge Sam C. Blair held the commission's order granting the increase was illegal because only two of the five commissioners agreed on all the findings. Three concurred in the result but one of them, Commissioner Agnes Mae Wilson, dissented on some of the findings of fact.

Must Return Money

Today's order told Bell all money collected under the new rates must be "either refunded or credited to the subscribers' accounts."

In cases where the new rates were lower than the old, the company was authorized to bill subscribers for the difference.

Today's action save Missouri Bell customers an estimated $900,000 for the month of February. Some of them probably will be able to see the money because they've made a February payment.

But a lot of others haven't been billed for this month yet. And when they get their statements it will be the old amount—the one they've been paying for the past 20 years or more for that type of service.

Unless it is appealed by the Bell company, today's order will be in effect until the commission hands down a new decision. Judge Blair sent the case back for reconsideration by the commission.

Passenger traffic on main line tracks through Wyoming, the last trouble spot, had been resumed today.

Overheated Boiler Causes Fire at MTS

Flames Discovered In Dairy Barn Early This Morning

BOONVILLE, Mo., Feb. 23—(AP)—Fire, caused by an overheated boiler, licked at the brick dairy barn of the Missouri training school for boys here today, causing damage estimated at $40,000 before it was brought under control.

Sixty head of cows in the barn were brought safely out of the building. Two school employes and 11 boys were in the barn when the flames were discovered about 5:30 a. m.

They were milking at the time. About 15 of the cows already had been milked.

Bert Fenenga, superintendent of the school, said the pastuerizer and coolers appeared to be damaged beyond repair. He estimated the loss.

Roof Destroyed

The roof on one section was destroyed and that of another section was damaged on the two-winged structure. The fire largely was confined, however, to section housing the pasteurizing and cooling equipment.

Fenenga reported one wing of the barn still was usable and said the mule barn will be used to house the dairy cows until the fire loss can be replaced.

The Boonville fire department still was at the fire at 8:30 a. m., but at that hour it appeared to be well under control.

Demand Fare Increase

PHILADELPHIA, Feb. 23.—(AP)—The Philadelphia Transportation company today demanded an immediate fare increase to meet a "grave emergency."

The PTC asked the state public utility commission for a 13-cent temporary basic fare. Streetcar rides are now 10 cents and bus rides two for a quarter.

The company cited an eight-cent hourly wage boost granted to 11,000 workers after a 10-day strike as reason for the fare hike request.

Governor in St. Louis

JEFFERSON CITY, Feb. 23.—(AP)—Gov. Forrest Smith went to St. Louis today to attend the annual gridiron dinner of the Advertising Club tonight. He said he had no other appointments.

Russians Told To Maintain Preparedness

Egypt Approves An Armistice With Israel

By The Associated Press

Russia's minister of armed forces told his millions of soldiers today to maintain constant combat preparedness against the United States."

Marshall Nikolai Bulganin issued an order of the day commemorating the Red army's 31st anniversary. It said among other things:

"The ruling circles of the United States, which seek to establish their world domination by force, pursue a policy of aggression and of unleashing a new war. In these circumstances, the Soviet armed forces must indefatigably maintain constant combat preparedness on a high level."

Then he asserted that Russia is constantly "striving for lasting peace throughout the world."

The theme was echoed in the satellite state of Poland. Government and army leaders of that Red country predicted catastrophe for what they called American and British imperialists and war adventurers.

Armistice Approved

Egypt approved an armistice with Isreal, which largely affirmed Jewish victories in the southern Negev desert of Palestine. The Israeli cabinet already has accepted the peace terms. The break in the Arab front against the new Jewish state seemed to forecast peace between Israel and the other states of the middle east.

The accord is a triumph for the United Nations, which forced an end to fighting in which the Jews had won victory after victory in the David and Goliath combat.

Strife continued in China. A group of Chinese lawmakers threatened to unseat Premier Sun Fo Because he and his cabinet fled last month to Canton. The legislators want to look into financial deals. No progress was in sight in the peace sparring between the Chinese Communists and the Nationalist forces they have beaten in battle. The Communists moved nine ministries to Peiping, their new capital in north China.

Crisis Boils In Finland

Another government crisis boiled in Finland. A strange combine of rightist farmers and Communists continued their fight to oust Premier Karl A. Fagerholm. The farmers want higher prices for their products and lower taxes. The Communists want more Finnish love for Moscow.

A Communist deputy in Czechoslovakia said at least 28 generals plotted to overthrow the Red government of that country. The attack seemed a prelude to a new purge of suspected reserve officers.

Western church officials in Geneva said the throttling of church influence in the Russian-dominated countries is so rigid, carefully planned and executed, it appears to have been dictated by a central authority, possibly the Cominform.

Warn Children Not to Play Around Pools

W. R. Blackwell, resident engineer for the two swimming pools now under construction, issued a warning today to children who have been playing around the sites where the pools are located.

At Liberty park, where more work has been done, children have caused the sides of the excavation to cave off in some places, and he states there is danger of some one being hurt.

Work is now being done on the walls at that pool, while at Hubbard park the sewers are being installed.

Child Movie Star Weeps as Her Mother Weds Musician

PALM BEACH, Fla., Feb. 23—(AP)—Child movie star Margaret O'Brien returns to the theater world of make believe today after figuring in a real life drama in which her mother was married to orchestra leader Don Sylvio.

Less than 15 hours before a commercial airliner was scheduled to take her to Boston to fill a stage engagement, the tiny screen heroine had stood with tears streaming down her cheeks as her widowed mother, Mrs. Gladys O'Brien, exchanged wedding vows with Sylvio in a brief civil ceremony here.

After the ceremony, Margaret refused to kiss her new stepfather for photographers.

When the wedding party entered the suite in a Palm Beach (Colony) hotel Margaret took refuge behind her mother as tears welled in her eyes.

"Oh, Mother," she was heard to sob during the five-minute ceremony.

Asked by a reporter whether her tears were for happiness or sadness, she replied:

"I don't know . . . . I don't know."

Mrs. O'Brien's first husband died two months before Margaret was born 12 years ago.

The newly-weds had met six years ago in Greenwich Village, New York City.

Because of his contract with the Lake Shore night club, Sylvio will be unable to join his wife and step-daughter in California until early April. They will make their home in Hollywood.

Russia May Have Secret of Nazi-Developed Death Spray

MOUNTAIN VIEW, Calif., Feb. 23—(AP)—Russia quite possibly has the secret of a Nazi-developed liquid death spray potent enough to wipe out whole divisions of men in the open, says an American officer who helped destroy the weapon.

But Germany didn't use the spray, and Russia probably would not for the same reason—it contaminates the area for too long a period—in the opinion of Maj. James M. Graham, a U. S. Army engineer.

The two German scientists who formulated the spray were in Berlin when the Russians took over and more than likely were taken in hand by the Soviets, Graham says.

Whether chemical analysis of the liquid by its American captors yielded the secret, Graham didn't know.

Named After Inventors

Graham had charge of disposing of the spray, named Tabun after the names of its two inventors. He disclosed some of the details in a Chamber of Commerce speech at San Jose. Graham now lives in Mountain View.

Hidden stocks of Tabun—125,000 tons of it—were found by American intelligence officers in Bavarian caves. Engineers built huge fires in pits to destroy the liquid. They poured it over the coals. Tabun didn't burn, but the heat broke it down and rendered it harmless.

Graham described Tabun as a nerve poison not unlike snake venom in its effect. Only quicker. A spot of it the size of a dime dropped on the skin would kill a man in two minutes unless wiped off quickly. It would penetrate most clothing, even some gas masks.

A Faint Odor

Tabun has such a faint odor it can hardly be detected. The experienced nose can detect a slight fruity smell. In appearance it looks something like crankcase oil.

The liquid was a military secret until about six months ago when some information about it leaked out. About 1,000 tons of it was saved from destruction and shipped to Aberdeen, Md., under the label of "chlorine," Graham reported. But dock workers failed to smell chlorine in the shipment and refused to handle it. Special crews had to be used for the job.

Hearings to Wind up Today

WASHINGTON, Feb. 23.—(AP)—A spokesman for coal mine operators told congress today that a 30 to 50-day miners' strike would put the country in a "very serious situation."

Joseph E. Moody, president of the Southern Coal Producers Association, was arguing to the senate labor committee that there is need for the Taft-Hartley law provision which lets the government get 80-day court orders against critical strikes.

Moody testified as the committee neared the end of public hearings on the administration's labor bill after a month of stormy sessions. The hearings are scheduled to wind up late today.

Moody told the committee yesterday that the nation may face another crippling coal strike "unless the safeguards in the Taft-Hartley law are continued." He also said there is a 40 to 50-day supply of coal on hand, "the best in over 10 years."

James W. Haley, secretary and general counsel of the National Coal Association, another witness yesterday, also urged that congress keep the T-H provision for court orders against national emergency strikes. The administration bill would do away with it.

Increase in Money Needed

ST. LOUIS, Feb. 23.—(AP)—A fifty per cent increase in money to operate the Missouri Training School for Boys at Boonville is a necessary investment to turn so-called bad boys into good citizens.

That is the opinion of Bert E. Fenenga, training school superintendent, who outlined the school's future problems before the St. Louis chapter of the American Association of University Women last night.

Fenenga said a first rate training program will be "a good deal more expensive," but that if Missouri uses the school only as a custodial agency the bill will be "terrifically heavy in the future" with the boys in custody off and on for the rest of their lives.

"We need about a 50 per cent increase in money spent on personnel," he said.

Operations Slowed Down

NEW YORK, Feb. 23.—(AP)—A union official said today a slowdown of Railway Express Agency workers in the New York area would spread throughout the country unless the company grants a new contract soon.

Danied J. Sullivan, regional general chairman of the express division of the AFL Brotherhood of Railway and Steamship Clerks, said his prediction was based on reports from brotherhood sources over the nation.

The slowdown by 9,000 of the firm's workers in the New York area has brought operations to "all but a standstill," Sullivan declared.

The union contends the Railway Express Agency is stalling in mediation sessions for a new contract in Chicago.

The union is seeking a 25 cents an hour wage boost and a reduction in the work week from 44 to 40 hours. It says the present wage scale ranges from $1.29 to $1.32 an hour.

Buffet Supper Honoring Boyle

WASHINGTON, Feb. 23.—(AP)—Jerome Walsh and Lewis M. McGree of Kansas City were hosts last night at a buffet supper honoring William M. Boyle, Jr., new executive vice chairman of the Democratic national committee.

Boyle is a former Kansas City police director. A score of his friends from home and about 100 Washington Democrats, including members of the cabinet and congress attended the affair in the Mayflower hotel.

Presidential Electors Are Rubber Stamps

States Sen. Lodge Assailing Present Election Methods

By Oliver W. DeWolf

WASHINGTON, Feb. 23—(AP)—Senator Long (R-Mass) today assailed the present method of electing a president as "neither fair, accurate nor democratic."

He said the present "all or-nothing" system of counting electoral votes has turned the electors into "rubber stamps."

The senate judiciary committee—for which Lodge prepared his statement — is considering a bipartisan resolution proposing a constitutional amendment to abolish the electoral college.

Under the amendment, sponsored by Lodge and 10 other senators, each state's electoral vote would be split among candidates in direct proportion to the number of popular votes each received. The candidate receiving the greatest number of electoral votes but not necessarily a majority — would be elected.

Proposed Changes

The candidate receiving the most popular votes within a state now, with rare exception, gets the state's entire electoral vote.

Lodge argued that the proposed amendment would:

1. Make the popular vote count, by abolishing the electoral college's traditional unit voting rule.

2. Eliminate the so-called "pivotal," "solid," or "one party" positions held by some states. Lodge said the amendment would mean "a real two-party system in the south and in other so-called solid areas where the unit rule has perpetuated one party government."

3. Eliminate the possibility of a candidate getting an electoral majority despite receiving only a minority of the popular vote. This happened in 1824, 1876 and 1888.

Sponsors

4. Eliminate the possibility of a president being elected by the House of Representatives, which which is the present procedure when no candidate gets a clear-cut electoral majoroty.

Sponsoring the resolution with Lodge are Senators McCarran (D-Nev), chairman of the judiciary committee: Fulbright (D-Ark); Hoey (D-NC), Sparkman (D-Ala) Stennis (D.Miss), Neely (D-W. Va), Kefauver (D-Tenn), Smith (R-NJ), Morse (R-Ore.) and Flanders (R-Vt).

Boy Shoves Girls Into The River

HARRISBURG, Pa., Feb. 23.—(AP)—A boy pushed a five year old girl into the Susquehanna river and then tossed rocks and stones at her as she floundered in the water, Police Chief Oscar L. Bough reported today.

The girl, Sharol Zimmerman, is under treatment at Harrisburg hospital for shock and head injuries.

Blough said a 10-year-old boy—his name was withheld by juvenile authorities—hit Sharol with a brick and pushed her into the rain-swollen waters last night.

Bough said the boy, released in the custody of his parents, denied any connection with the case.

WASHINGTON, Feb. 23.—(AP)—E. L. Bartlett, Alaskan delegate to congress, presented to President Truman today an American flag with 50 stars, for use if and when Alaska and Hawaii obtain statehood.

The President has recommended that the two territories be admitted as states.

The flag has six rows of seven stars and one of eight.

House Group Reports on Race Question

Urges State to Get Rid of Discrimination

By Larry Hall

JEFFERSON CITY, Feb. 23—(AP)—A special House committee urged Missouri today to start getting rid of racial discriminating.

It said discrimination is widespread and the laws which sanction it are behind the times.

As a started the committee endorsed a plan by University of Missouri curators to open the university and state colleges to Negroes for courses not available at Lincoln university for Negroes. Professional and graduate courses would be opened first.

Then, the committee said, As rapidly as the current administrative problems can be overcome," all eligible students should be allowed to enter the state colleges and the university — regardless of race, color, creed or religion.

And finally, the committee added, the legal requirement for educating Negro and white children in separate grade and high schools should be removed.

Separate Schools a Burden

That would let communities handle the problem as they seet fit." Separate schools have proved a tremendous burden" in some districts, the committee found.

The committee coupled its sweeping educational recommendations with these five others:

1. Establishment of national guard battalions for Negro troops, but no state funds for separate armories to segregate them from white troops.

2. Abandon separate white and Negro employment security offices in St. Louis and Kansas City. The offices handle applicants for jobs and for unemployment compensation.

3. Open all facilities of the state capitol, including the lunch stand, to all races.

Rep. Elliott Chairman

4. Establish a permanent civil right commission to continue study of racial discrimination.

5. Deny state funds or the cloak of state authority to all associations unless they admit members of any race, creed, color or religion.

Rep. Howard Elliott (R) of St. Louis county was chairman of the special equal rights committee. It held hearings in St. Louis and Jefferson City last year. Much of today's report was a review of its findings.

"It is our conclusion," the committee said, "that some minority groups are denied rights by statute, regulation and custom which are granted under the state and federal constitutions."

Choose Their Own Attorneys

SOFIA, Bulgaria, Feb. 23.—(AP)—The president of the Sofia district court said today some of Bulgaria's top lawyers will defend 15 Protestant churchmen accused of treason and spying for Britain and the United States.

The president, Stephan Velichkov, said the accused have chosen their own attorneys for the trial, which begins Friday.

He said also that the trial "will be public."

One of the defense attorneys will be Dimiter Vaptsarov, president of the lawyers' association.

Velichkov said a career judge would preside over the court, most probably Constantine Undjiev.

The marble courtroom, with a seating capacity of 300, will hold numerous foreign correspondents, relatives of the defendants, diplomatic observers and ordinary spectators.

The foreign press representation will include correspondents of the Associated Press, the United Press, International News Service and the New York Times.

River Falling

KANSAS CITY, Feb. 23.—(AP)—The Missouri river crested at Atchison, Kas., today at nearly five feet above flood stage and then began falling, ending temporarily the latest flood threat on the ice-jammed stream.

"Old Muddy" went to 24.7 feet before it began to recede. That was 4.7 feet above flood level but a foot short of the 25.6 feet in January which caused extensive flooding in lowlands east of Atchison on the Missouri side.

Alma, Kas., Bank Robbed Before Noon

ALMA, Kas., Feb. 23—(AP)—The First National Bank of Alma was held up at 11:15 a. m. today by four Negroes who fled eastward in a black four-door sedan with an undetermined amount of loot.

The Wabaunsee county sheriff's office reported the bandit car was last spotted eight miles east of here.

The bank is the only one in Alma, which has a population of about 750.

Alma is 35 miles west of Topeka.

'Bargain With Russia' Advice From Wallace

Attacks Marshall Plan And North Atlantic Pact

By Douglas B. Cornell

WASHINGTON, Feb. 23—(AP)—Henry A. Wallace declared today that the Marshall plan and North Atlantic defense pact are pushing America along a mad course" toward bankruptcy and war.

He proposed once more that the United States abandon the cold war and bargain with Russia across the conference table as "an honorable, a peaceful and a practical alternative."

Now head of the Progressive party, Wallace was fired as President Truman's secretary of commerce in September, 1946, after clamoring for a softer policy than the administration favored toward Russia.

The House foreign affairs committee, which is considering a bill to continue the European recovery program, gave Wallace his chance today to present his views.

Labels Program a Failure

Wallace labeled this program a "failure." He took an "I-told-you-so" attitude on that, because he forecast a year ago it wouldn't work. His remarks were in a statement prepared for the committee.

He predicted today that the North Atlantic Alliance, and the lend leasing of arms to back it up, won't work either. These proposals are to be sent to Congress later.

Wallace said the defense pact "will irrevocably commit us to a two-world policy of conflict." The lend-lease feature, he said, may cost 20 to 30 billion dollars.

"The fact of the matter is," he said, "that these moves will seriously undermine and weaken our national security. They will lead to economic bankruptcy for western Europe and the United States. They invite a war which no nation can win an din which humanity itself will be the victim."

Attacks Methods

Wallace said such measures make aggressive gestures against the Soviet Union by establishing military bases near her borders. Inevitably, they will provoke heavy counter-measures."

Terming such a policy at worst, a deliberate incitement to war," Wallace declared:

I say that there is an honorable, a peaceful and a practical alternative to this mad course.

"If the administration sincerely desires peace, let it state its terms. Let the Russians do likewise, as they have clearly and repeatedly told us they are prepared to do.

"Let the heads of both nations . . . sit down to negotiate those terms.

"Peace will require compromises and accommodation on both sides. But no government that wants peace and knows its minimum demands can afford to refuse to discuss them."

Deplores Communist Article

VATICAN CITY, Feb. 23.—(AP)—The Vatican newspaper L'Osservatore Romano accused Communist Leader Palmiro Togliatti today of falsifying the words of Pope Pius XII.

Togliatti wrote for the Italian Communist weekly, Vie Nuove (New Paths), that the Pope is encouraging a "holly alliance" against Communism. Osservatore said it "denounces and deplores" the Communist article.

Record-Breaking Haul

BERLIN, Feb. 23.—(AP)—The Allied airlift made a record-breaking haul to Berlin for the second straight day today.

British and American planes carried 7,897 tons in 905 flights in a 24-hour period ended at noon. This was 384 tons better than yesterday's record showing.

Sedalia Men's Choral Club Presents Concert in Smithton

The Sedalia Men's Choral club, directed by Abe Rosenthal, is increasing in popularity throughout central Missouri with every concert presented. They are succeeding the goodwill of their home town through their programs which always appeal to their audiences because of the real singing talent that is offered plus the humor that is injected into it.

In addition to their programs the Choral club also takes along a group of Sedalians who mingle with the crowd and become acquainted with the citizens of neighboring towns. Tuesday night there were 50 Sedalians accompanied members of the club to Smithton where the Choral club presented a program in the Methodist church.

A Large Crowd

The church was filled with people of that community who had invited the Sedalia Choral club to visit their town two years ago but somehow things never seemed to work out just right until Tuesday night. The Smithton citizens served pie and coffee. "all they wanted," and the Choral club members and other Sedalians found a real treat in store for them. The tables were decorated — each to represent a month of the year — and guests located their table through their own birth month which gave them even a better opportunity to become acquainted. A clever skit was also presented by the citizens of Smithton.

This is the second goodwill trip the Choral club has made in the past few weeks, going a short time ago to Higginsville, and on March 8 they plan to make a similar trip to Sweet Springs.

Truman's Language Forceful

Bluntly Tells Critics he Will Make And Stand by His Appointments

By Ernest B. Vaccaro

WASHINGTON, Feb. 23 — (AP) — Critics of his administration had personal and blunt notice today from President Truman that no "S.O.B." is going to influence his appointments.

Some 200 persons—members of the Reserve Officers Association and their wives—heard Mr. Truman deliver that startling pronouncement in an earthy, matter-of-fact, impromptu talk last night at a dinner honoring Maj. Gen. Harry H. Vaughan, his military aide.

The diners were brought to sharp attention as Mr. Truman departed from his homey, neighborly style and turned to artillery language:

"Now, I am just as fond and just as loyal to my military aide as I am to the high brass, and I want you to distinctly understand that any S.O.B. who thinks he can cause any of those people to be discharged by me, by some smart aleck statement over the air or in the paper, he has got another think coming.

NEW YORK, Feb. 23—(AP)—The president of the International Council of Christian Churches said today that President Truman's language at a dinner in Washington last night was "an offense against Christian people."

The Rev. Carl McIntyre, president of the council, called on the president to "apologize to the American people" in a telegram sent to the White House.

McIntyre said in his telegram to Mr. Truman:

"The language you used last night at the dinner to honor Maj. Gen. Vaughan is an offense to Christian people, degrading to our youth and humiliating before the nations of the world, and, I believe, unbecoming of an occupant of the high office of the presidency of the United States."

Names Them Himself

"No commentator or columnist names any members of my cabinet, or my staff. I name them myself, and when it is time for them to be moved on, I do the moving—nobody else."

The official transcript of Mr. Truman's off-the-cuff talk, released later by the White House, omitted any reference to the term, "S.O.B." Mr. Truman used only the initials, without spelling out what they stand for.

Questions about the change made in the transcript were raised, but not answered, at today's daily news conference with Mr. Truman's press aides.

Didn't Hear Speech

Eben Ayers, assistant press secretary who met reporters today, brushed aside queries by saying:

"I wasn't there and I didn't hear the speech. I read it in the morning newspapers."

Mr. Truman drove five miles to the Army-Navy Country club in Arlington, Va., to join other speakers in praise of Vaughan.

Maj. Gen. Edward F. Whitesell, adjutant general of the army, said the military aide's job was "difficult" and "not all parades and balls, drew Pearsons and decorations."

Pearson Criticized Vaughan

Pearson, radio commentator and columnist, has criticized Vaughan for accepting a decoration from President Peron of Argentina.

He stood outside the Argentine Embassy the night the medal was presented, taking down the names of those attending.

Afterward, Pearson said that while this country is spending billions abroad to help democracy, and "while President Truman has spoken thousands of words about saving democracy, his military aide partly nullified this talk—and money—by accepting a high decoration from a military dictator who has ridiculed all the things that Truman talks about."

Mr. Truman made no reference to Pearson in his brief talk. The columnist had this comment:

Pearson's Comment

"If Mr. Truman is trying to discourage the right of fair comment, then he, too, has another think coming. The men he has on his staff are his business—even though the taxpayers have to foot the bill.

"But when his staff members accept medals from a military dictator whose principles this government has denounced, then it's the public's business and should be Truman's."

The president addressed the hushed gathering of reservists without benefit of a loud speaker. After reviewing Vaughan's career, and praising the general and his other aides, Mr. Truman

Diplomats as Target of Book

U. S. Ambassador Declares Charges of Writer 'Cockeyed'

MOSCOW, Feb. 23—(AP)—American diplomats are the target of a little book—newly published by the Russians—which bears the name of Annabelle Bucar, the Pennsylvania girl who quit her job with the U. S. information service here a year ago.

The book is called "The Truth About American Diplomats."

Its 132 pages contain such charges as these:

An "extreme anti-Soviet wing" of the U. S. State Department is trying to foment war with the Soviet Union.

The U. S. information service is really a setup for intelligent work

U. S. Ambassador Walter Bedell Smith operated in the black market and ordered Russian employees to sell valuables for him.

Counselor Elbridge Durbrow, a native of San Francisco, was an active speculator in the black market.

Large speculators go back to the United States with "tens of thousands of dollars worth" of art works, illegally exported.

(Ambassador Smith, undergoing treatment for a stomach ailment at Walter Reed hospital in Washington, declared the charges are "completely without foundation." Durbrow, now attached to the army war college in Washington, said "This whole thing is absolutely cockeyed."

(Miss Bucar is understood to have been doing propaganda work for the Soviet government from time to time in the past. Reports reached Americans in Moscow some months ago that she was traveling around Russian factories, telling the workers they lived better than workers in the United States.)

Miss Bucar was an administrative assistant in the information service. She complained in her letter of resignation last year that embassy policy was directed against the Russians. At the same time she disclosed she had been married 13 months before to a Russian singer, Konstantin Lapshin. They now have a baby son. Miss Bucar is a former Pittsburgh University student from Clairton, Pa.

The book, printed by the Literary Gazette, charged that state department figures "strive to provoke war against the Soviet Union" and "they feel this is predestined by God".

Doubts Daughter Writer

PITTSBURGH, Feb. 23—(AP)—Ivan Bucar, 52 year old farmer, said Tuesday he doesn't believe his daughter Annabelle wrote the book, published under her name in Moscow, which criticized U. S. diplomats and their actions in Russia.

Miss Bucar reisgned her U. S. embassy post in Moscow a year ago to marry a Russian. She now has an infant son. At that time her father said he was disowning her.

"I'm not so sure everything is her fault now," Bucar said. "I don't think she wrote the book. I think they're just using her name."

Bucar said U. S. Ambassador Walter Bedell Smith had told a daughter, Mrs. Emily Byich, here last Jan. 3, he thought Annabelle's letter of resignation from the embassy in Feb. 27, 1948, "was written by a Russian general."

"If that's true, it changes things, her father said. "I would receive her if she came home. Of course, if she wrote the book and did those things on purpose, I would not have anything to do with her."

Mr. Phifer was 71 years of age February 19 and has lived in Sedalia the past 30 years. He retired from the Missouri Pacific Shops in February 1947.

The bad was spent in conversation and taking pictures. Mr. Phifer received many gifts.

Refreshments of sandwiches, fruit salad, cookies and coffee were served.

In an impressive candlelight service, Miss Alva Rapp became the bride of Irvin Gerlt at 7:15 o'clock, Wednesday evening, February 15th, at the First Baptist church in Stover. Before an altar setting of flowers and ferns and seven-branch candlelabra, the double-ring ceremony was read by the pastor of the church, Rev. Martin.

Preceding the ceremony, Mrs. Val Strader, accompanied by Mrs. Jewel Stevenson, sang, "Because" and "The Lord's Prayer." Mrs. Stevenson played the traditional wedding march.

Misses Margaret Gerlt and Mary Ellen Rapp lighted the candles. They wore gowns of blue taffetta and pink spun rayon. Miss Dorothy Gerlt was the flower girl.

Mrs. Irene Merriott, matron of honor, wore a formal gown of blue and had a corsage of yellow roses.

Miss Joan Rapp, niece of the bride, was the bridesmaid. She was attired in pink and wore a corsage of lavender iris.

The bride, whose father, Charles Rapp, gave her in marriage, wore a gown of white satin, fashioned with a bodice waist and long tight sleeves and full skirt. Her fingertip veil was held in place with orange blossom buds and blossoms. She carried a colonial bouquet.

Raymond Gerlt, brother of the bridegroom, served as best man. Elvon Wahlers, a cousin of the bridegroom, was an attendant.

Roger Gerlt, nephew of the bridegroom was the ring-bearer. Oscar Gerlt and Orlyn Merriott were ushers.

Mrs. Rapp, mother of the bride, wore gray with a corsage of red rose buds. Mrs. Gerlt, mother of the bridegroom, wore navy with a corsage of red rosebuds.

Immediately following the ceremony, a reception was held for the couple in the church parlors. A four-tier wedding cake, baked by Miss Myrtle Gerlt, sister of the bridegroom was cut by the newlyweds and served with ice cream, cake and coffee.

Mrs. Gerlt has been employed at the M.F.A. as a bookkeeper for the past several years. Mr. Gerlt is a farmer and has just completed a new home in Versailles, where they will be at home after a trip to Oklahoma.

Mrs. E. F. Yancey, 803 West Broadway, returned Sunday evening to Sedalia. She left Thursday for Kansas City, where she visited her nephew and his wife, Mr. and Mrs. Theodore Harris, and was entertained by Dr. and Mrs. Delbert E. Johnson. From there she went to St. Joseph where she was the guest of another nephew and his wife, Mr. and Mrs. Christopher Harris.

Mrs. Yancey was the guest of Dr. and Mrs. Johnson at the National Conference of Christians and Jews, which was held in St. Joseph. All the clergymen and choirs of St. Joseph participated in this celebration, bringing together the three faiths: Protestant, Catholic and Jewish, for Brotherhood Week.

Sunday evening Dr. Johnson, who directs the Queen City Chorale club in Sedalia, conducted a choir composed of 300 voices and a symphony orchestra, performing in the St. Joseph city auditorium where the 5,000 seats were filled.

On Saturday afternoon at 3:30 o'clock, the marriage of Miss Barbara Corgin, daughter of Mrs. John Otto of Stover, and Mr. Gene Williams, son of Mr. and Mrs. R. V. Williams, of Versailles, was solemnized at the American Lutheran church, Stover. The Rev. H. A. Kolm read the vows before the families.

Attending the couple were: Mr. and Mrs. Harold Zimmerman, of St. Louis.

Mrs. H. A. Kolm played the wedding music, Mrs. E. A. Bauer sang "Because."

The altar was set with potted plants and ferns.

Mrs. Otto, mother of the bride, wore a grey suit with a corsage of pink carnations. Mrs. Williams, mother of the groom, wore a wine colored satin dress, with a corsage of talisman roses.

A reception was held in the church parlors, where a three-tiered cake, topped with a miniature bride and groom, was cut by the couple. The cake was baked by Mrs. Emma Brunjes, grandmother of the bride, who wore a corsage of red rosebuds.

Mr. and Mrs. Williams will reside in Versailles, where Mr. Williams is engaged with his father in the lumber business.

The couple left following the reception for a short wedding trip.

Seventy-five Men Attend Dinner-Meet

On Tuesday evening the First Baptist church Brotherhood held its monthly meeting in the church basement at which time a chicken dinner was served to 75 men by members of the Reaper's class. Those assisting in the kitchen were Mrs. A. D. Parker, Mrs. I. L. Robertson, Mrs. C. E. Van Horn, Mrs. E D. McMullin, Mrs. Edna Wasson, Mrs. Martin Harrelson, Mrs. R. B. Rupard and Mrs. C. H. Buckley.

The program opened with the group singing of "Onward Christian Soldiers" after which Dr. A. E. Monroe gave the invocation. Group singing was led by Carl Yessen and accompanist was William Morgan.

Quartette Sang

Immediately following the meal A. B. Case introduced the Missouri Pacific "Eagles," a Negro quartet, composed of Messrs. Buckner, Hayden, Gatewood and Whitney, which sang several numbers.

Russel Drennon, program chairman, introduced Billy Swenk, who favored the group with two saxophone solos. He was accompanied by E. Norman Webb at the piano.

Following a short business session Fred Arbogast and Leonard Hall discussed the work of Home missionaries. In conclusion O. R. Catron showed a movie 'Simon Peter" and the meeting was closed by Rev. T. W. Croxton giving the benediction.

Junior-Senior Prom At Sacred Heart

One of the most impressive junior-senior proms in the history of Sacred Heart high school ushered in the 1949 series of graduation activities, Tuesday evening. This annual event was held in the school cafeteria and auditorium, and was entirely under the sponsorship of the junior class.

The banquet opened the evening at 6:30 o'clock, in the cafeteria. The room was decorated in a color scheme of green and yellow, with a drapery effect at the windows and wall hangings of the same design. The tables, which were arranged in rectangular fashion with the head table in the center, were decorated in the same colors with yellow jonquils. Large potted ferns were placed in the center of the floor. The meal, served by the mothers of the junior class members, was eaten by candlelight.

Toastmaster for the evening was Rev. Robert Gaertner, an assistant pastor of Sacred Heart parish and a member of the school faculty. He introduced Herbert Zoernig, president of the junior class, as the first speaker of the evening, who extended the hearty welcome of his class to the future graduates. He stated further that while the occasion reminded the seniors of the approach of graduation, it also offered a beneficial example to the junior class of what they must prepare to meet next year—graduation, with its joys and new responsibilities.

John Handley, president of the senior class, gave a response of gratitude in the name of his class for the banquet and dance.

Rev. A. J. Brunswick, pastor and spiritual director of the school, complimented the classes on their planning and execution of the banquet as a typical example of the work being done throughout the year. He also spoke of the high scholastic average that the students had maintained, and of the advantages this would offer in higher education after graduation.

The Daily Washington Merry-Go-Round

by Drew Pearson

WASHINGTON, Feb. 23— The old physical axiom that two bodies can't occupy the same space has stymied vitally important legislation in the house interstate and foreign commerce committee. It's quite a joke on Capitol Hill, but not for the public.

"The bodies," in this case, are two quite animate congressmen —Democrat Bob Crosser of Ohio and Republican Charles Wolverton of New Jersey, both of whom want to occupy the same office.

This office — next to the interstate commerce committee's meeting room — has always been the private sanctum of the committee chairman. However, outgoing Chairman Wolverton, Republican, has refused to pack up and leave so Crosser, new Democratic chairman, can move in. Meantime, the white-thatched, 74-year-old Crosser, who gets about in a wheel chair, must shuttle up and down between the committee room and his old office on the first floor.

Crosser, however, has done little shuttling or legislation. While his temper has been mounting against Wolverton — and against Speaker Sam Rayburn for refusing to oust Wolverton — important bills on national health insurance, freight rates, and other matters also are piling up in the committee.

No hearings have been held (at this writing) on any of this legislation, though Congress has been in session almost eight weeks. Wolverton, who moved in when he became chairman two years ago, insists he has priority under a 1918 resolution giving House members the right to remain in an office they occupied during the previous session.

Meanwhile, the committee's legislative slag-pile gets higher and higher while the two prima donnas fight it out.

Snows Cause Bee Losses

All sorts of stories have been written about the tragic cattle and sheep losses of the west, but not a word about the plight of bees. However, their loss has been just as heavy.

Though bees hibernate through the winter, they must leave their hive every six weeks or so for a breath of fresh air. Western snowdrifts have made this impossible, and, as a result, beekeepers in the snowbound states lost 50 per cent of their bees.

Note — Bees have been overproducing lately and the honey industry has appealed to Secretary of Agriculture Brannan to take some of the surplus off its hands. The western loss, therefore, will not affect the supply of honey nationally.

Alarm-ing Coincidence

A grating noise, as if a cricket were loose in the room, interrupted a group of senators and congressmen during a committee meeting the other evening.

Embarrassed, Wright Patman, congressman from Texas, grabbed his wrist watch. The mysterious sound ceased.

"That alarm is just enough to wake me up in the morning without wakening my wife," apologized the Texas congressman. "But the darn thing goes off every twelve hours."

Senator Lyndon Johnson, also of Texas, kidded the congressman about his watch with the Dick Tracy trimmings. Then the group went back to work.

Five minutes later, the same cricket noise chirped out again. This time, Senator Johnson grabbed his watch.

Then it developed that Senator Johnson had been the first to acquire a cricket-chirping watch, and Congressman Patman was so intrigued with it that he hunted up a jeweler who could order one just like it from Switzerland.

Southern Warning on Civil Rights

A broad hint that southern senators will not help repeal the Taft-Hartley act is civil rights are jammed down their throats has been given by Georgia's Senator Dick Russell. Since Russell represents the south on the Democratic policy committee, his warning is important.

A good many southern senators voted for the Taft-Hartley act in the first place. Russell has quietly reminded his colleagues. But they might now be willing to support Truman regarding the Taft-Hartley act if he in turn compromised for a softer stand on civil rights.

Note — Administration leaders say Truman is not likely to compromise. Civil rights was one of the most important planks in his election platform.

Help Needy, Truman Urges

President Truman had a significant private session with Speaker Sam Rayburn and members of the House ways and means committee the other day, at which he again urged changes in the social security program, especially help for the aged and the blind.

If individual states can't provide adequate assistance to their aged, blind and dependent children, Truman urged, then the federal government must increase grants to the states. Help should go to all the needy, the president added, not merely to those over 65.

"The program now in effect is not nearly meeting the relief needs of the nation," Truman asserted. "We have got to broaden the base of public assistance so that all destitute people are eligible for benefits. In addition, we must increase individual benefits to correspond to higher living costs."

At the same time, he added, relief recipients should be permitted to supplement their meagre benefits by part-time employment — when able to work — without getting involved in red tape restrictions by the states.

Hitch on Casual, Seasonal Workers

Representative Aime Forand of Rhode Island reported that most of the Truman proposals were embodied in a bill he had introduced the day before. Speaker Rayburn also endorsed increased federal grants for general relief purposes. He warned, however, that Truman's request for broadening the social-security old-age pension program to cover casual employes and seasonal farm workers would have tough sailing in Congress.

"I'm a farmer myself, and I know something about the administrative difficulties you would encounter if casual farmhands were enrolled under the program," declared the speaker. "A farmer goes into town and brings back some hands to help him with his harvest. When these workers are through on one farm, they move to another.

"Maybe all the work they get is three or four weeks in the spring and again in the fall. It would impose too great a bookkeeping burden on farmers who employ them for a few days if these people were brought under the program."

Representatives Wilbur Mills of Arkansas and Herman Eberharter of Pennsylvania supported Rayburn. John Dingell of Michigan, an original sponsor of social-security legislation, said the same difficulty would apply to enrolling casual domestic servants.

"By all means the program should cover permanent workers on big corporate farms, as well as butlers, maids and other servants who work steadily for one employer," said Dingell. "But casual domestics who work a few days here and there would be difficult to enroll unless we resorted to the 'stamp' plan used by the British."

From where I sit ... *by* Joe Marsh

Who's A Foreigner?

While I'm waiting for a haircut the other day, Slim Hartman lets slip with a crack about those "foreigners" who live by the depot.

"Now wait a minute, Slim," snaps Doc Sherman. "Don't forget we're all 'foreigners' more or less. Some of our families have simply been here *longer* than others. But even if they came over on the Mayflower, they were foreigners to the Indians."

Slim gets a little red and you could see that Doc had him. "And the reason they came here," he goes on, "was to find freedom to do and think as they wanted to so long as they didn't tramp on the rights of the other fellow."

From where I sit, America became the great land it is today through our being tolerant of different people and different tastes—whether it's a taste for square dancing or waltzing, radio or movies, goat's milk or a temperate glass of sparkling beer.

Hal Boyle Says

By Hal Boyle

ATHENS, Ga., Feb. 23—(AP)—Sometime, somewhere, an oak tree is going to decide to grow back into an acorn again.

It's going to do it just for the heck of it — just for fun. It's going to do it just becauuse it suddenly decided there's more pleasure in growing young than there is in growing up.

And there is.

Trying to grow younger gracefully has been a lifelong hobby with me. At least it has been ever since I discovered the prime curse of civilization is it tends to make people old before their time. But why should anybody ever grow old inside?

The oldest people today are the young people. They are a sad people, too, in a way that only old young people can be sad.

They'll Survive

This has been impressed upon me a-new by a weekend attendance at the Georgia Press Institute here, home of the University of Georgia. I felt a curious kinship with the students here, because meeting and talking to them brought back memories of a time when I was as elderly and troubled in spirit as they are. I survived those bitter days — my own four year sentence to college life — and I think they will, too. And years and years later, they will suddenly find themselves younger and happier.

Growing up is an awful troubling experience. I don't know why people go through with it. Because once you are grown up, you realize immediately that the only thing to do is to try to grow back the other way again. That is, to try to grow young and smart and fresh of mind again.

For the heart and mind are the only true calendars of age. There is no fool like an old fool, yes. But there is no greater fool than one who lets himself be old before he buys a tombstone.

Could Be Wonderful

What are the real advantages of growing up? If just growing up taught a man or woman to be tolerant, gentle, kind or modest, it would be a wonderful thing. If growing up made a mon or woman more selfless and anxious to serve his kind or fashion the world into a fairer garden, it would be a fine thing, too.

That is really growing up. But that kind of growing up usually is measured by suffering or loss rather than the number of candles on a birthday care. The agony of an instant often adds more stature to the soul than the petty frictions of many years. People generally grow up — or fall apart — after they learn they are going to have to do without, forever, something or some one that meant almost as much to them as breath. Otherwise growing up is pretty much an undignified catalogue of minor physical changes — all bad. You bulge out where you used to bend in. The barber spends less and less time cutting the hair on your head. He spends more and more time weeding it out of your ears. You have fewer dreams — but you walk in your sleep more in the day time.

Want to go Back

No wonder kids in college feel sad. The world calls them "the hope of tomorrow" because it is not ready for them — or their ideals — today. They have reached the peak. They are crossing that mystic chasm between childhood and adulthood, that one-way bridge called "growing up."

And once they cross it they will yearn all the years of their lives to go back again to the rainbow morning behind. That is what Wordsworth meant when he wrote "The child is father to the man." The daddy of every man is the boy he himself used to be, when he and the world were young together.

But today, in these odd times, only little children and very old people are wise enough to be young. The children haven't learned hypocrisy and the old people — well, they don't need it any more.

Recruit Gets Best of System

WASHINGTON, Feb. 23—(AP)—The Army treats its recruits better than it does its generals.

That, at least, is the conclusion of Lawrence H. Whiting, member of a Civilian Commission appointed to study military pay and pensions.

He told a House Services subcommittee today that the recruit is paid more than he could get in civilian life, but the general gets much less.

Whiting, a Chicago business man, testified in support of a bill to raise pay an average of 14 per cent for the Army. Air Force, Navy, Marines, Coast Guard, Public Health Service and Coast and Geodetic Survey.

The proposed increases range from 3.03 per cent for the lowest enlisted grades to 49.58 per cent for brigadier generals and officers of equivalent rank in the other services.

Whiting said the commission estimates that a man entering military service draws the equivalent of $183 a month in pay, food, clothing and shelter.

Allen 4-H Club Meets

The Allen 4-H club met at the home of Kenneth and Robert Weikel for the February meeting. Betty Bolton, the president, presided over the meeting. Kenneth Weikal read the minutes of the last meeting. The 4-H program was filled out for the coming year. Enrollment cards were also filled out.

The meeting adjourned to meet with Eugene Vaughn for the March meeting.

POP Goes the QUEEN

By Bob Wade and Bill Miller

© by Bob Wade and Bill Miller; Distributed by NEA SERVICE, INC.

THE STORY: John Henry and Sin Conover, vacationing at a swank resort, witness the death of Homer Anglin. Later the Conover quarters are occupied by Faye Jordan, under the pretext of a reservation mixup. At a swimming pool Sin is cornered by Sagmon Robottom, an archeologist, who calls her "Mrs. Jones"—the second time she was called by that name. Sin is warned not to interfere, but she isn't told what she and Johnny are interfering with. Johnny, who tries to get a clue to the angle from Faye, is taken for a drive in Faye's car. The trip ends at a ranch house. The door opens in response to Faye's knock and a man with a battered face opens the door.

* * *

XVI

FAYE stepped blithely forward and John Henry followed. He squinted in the reception hall, his eyes accustoming themselves to the murkiness. The man who had opened the door teetered on squeaky patent leather shoes. He was dressed in a black double-breasted suit with a black bow tie. There was a lot of him.

"Are we late?" Faye asked.

The man bowed his square head and said, "Never." John Henry realized he was either butler, bouncer or guard. Possibly all three. "Your card, madame?"

Faye flipped her fingers and the husky man caught the card deftly. John Henry had his chance to see it—and he was disappointed. The drop of his stomach let him know his self-appointed investigation had been based on pretty flimsy grounds.

For the card bore no queen symbol. Whorls and lines of patterned engraving followed the edge like those on a bond or a bank note. In the center was simply a straight black line followed by a large C.

"Certainly," the butler said rustily. "You will forgive these precautions—" his pin-point eyes cased the pair "—but they have been found to be necessary. My name is Sidney, madame."

"I'm Miss Jordan, Sidney. And this is Mr. Conover."

Sidney bowed again and waved them farther into the dimness. He walked silently behind them down the long hall. It got darker and darker.

* * *

AT the end of the lengthy corridor, there was nothing but a heavy drape. Conover stopped short and the butler stepped ahead of him. "If you please," said Sidney.

He pulled the material aside and beneath it was a large curved doorway. John Henry rubbed his ear. The music had sneaked up on him. Beyond the door that Sidney was opening, a band was playing furiously, brassily.

The butler brushed by him again and John Henry had the impression that quick hands had patted over his coat. Faye squealed.

The stark fluorescent light that poured down from the ceiling of the room beyond blinded him at first. Faye's impetus sent him through the doorway and John Henry blinked around.

After the lonely gloomy entry the place was a shock. It was a big square room, low-ceilinged and almost completely functional. The complete absence of windows made the walls seem blind and faceless.

"Uh-huh," grunted John Henry as he began to catch on. Near the door through which they had entered stood a bank of slot machines—stubby iron pillars from whose heads dials of lithographed fruit pictures peered. Opposite them were a series of chuck-a-luck tables with hour-glass cages of dice. Packed close down the center of the casino were faro and poker tables and at the far end was the long green board and dark disk of the roulette wheel.

"Isn't this fun?" Faye bubbled at his side.

Though it was barely 11 o'clock, the wheel was in full spin. Men and women of all ages bordered the board. The card tables gripped another quota of gamblers, amateur and professional.

John Henry looked wryly down at Faye. "What's the big idea dragging me out here?" he asked.

"What you need is a drink," Faye answered confidently.

* * *

THE bar was quasi-separated from the square gambling room by an archway which cut off some of the juke-box loudness. Its only lights were the pink neon facings on the big mirror. A solitary man hunched on one of the leather-topped bar stools. The mess-jacketed bartender was polishing glasses and softly whistling the opening strains of the Orpheus in Hades Overture.

Faye banged a small fist on the bar. The whistling choked off and the bartender blinked. "Yes, madame?"

"I'm buying. What'll you have, pardner?"

"I don't know. You order," said John Henry, avoiding the bartender's accusing glance.

"Two rye. Straight," said Faye.

Conover looked among the flushed faces of the milling gamblers in the main room. "What gets me," he mused, "is how they do all this. It's against the law, you know."

"But it's thrilling!" Faye chortled and snuggled up close, shivering.

John Henry edged away. "I'm surprised the police haven't cracked down. Don't tell me they don't know this place exists." He grunted exasperatedly and spun around to the drinks on the bar. "Just what I've thought since last night—they're a bunch of crooked cops."

He looked in the bar mirror at the eyes of Lieutenant Lay.

"Morning, Mr. Conover," said the lanky police officer sardonically. "I didn't expect to see you again so soon."

He sat beside John Henry, one stool removed. Close enough, Conover realized sickeningly, to have heard every syllable.

Answer to Previous Puzzle

The American Woman Suffrage Association passed out of existence in 1920 when women received the vote. Its place was taken by the National League of Women Voters.

By 1920, when the constitution was amended to give women the vote, they had been enfranchised by 30 state governments.

Decision To Davis Over Marriott

WASHINGTON, Feb. 23—(AP)—The Third Army's scrappy little Malcolm Davis, Valdosta, Ga., gained a unanimous decision over the Fifth Army's fast stepping Walton D. Marriott, Versailles, Mo., in Tuesday night's opening fight of the all army tournament here.

Last night, four Third Army contenders all came through to give their team a big lead. They picked up another point toward the team trophy by Davis' victory.

Davis, the aggressor all the way, had Marriott down for a nine count in the second with a wicked left, and continued master of the situation through the rest of the bout.

Students And Nurse Are Freed on Bond

MARYVILLE, Mo., Feb. 23—(AP)—Two Tarkio college students and a nurse, charged with third degree robbery in an alleged extortion scheme, were freed on a $2,500 bond Tuesday.

James Shaum, Tarkio business man, furnished the bail after the trio waived formal arraignment and their preliminary hearing was set for March 3.

Arraigned before Magistrate J. F. Roelofson on the robbery charge were Paul Hegarty, 27, and Robert Stohr, 23, seniors at Tarkio college and Hegarty's wife, Earline, attractive 21-year-old registered nurse.

The three are charged in an alleged plot to extort $500 from Wheeler Campbell.

Norway's Labor Party Gives Go-Ahead Signal

By Dewitt Mackenzie
AP Foreign Affairs Analyst

There was some easement over the weekend in the anxiety of prospective European members of the projected North Atlantic Alliance over America's position towards the pact.

Indeed, things were brightened enough so that Norway's dominant labor party Saturday gave the government the go-ahead signal to join in the security pact conferences. The other nations negotiating are — America, Canada, Britain, France, Belgium, Holland and Luxembourg. All that remains now to ensure Norway's participation in the parleys is for parliament to give its OK.

This somewhat more cheerful outlook followed U. S. Secretary of State Acheson's cards-on-the-table conference in Washington Saturday with the ambassadors concerned. He is understood to have assured the envoys he believed the senate foreign relations committee had made excellent progress towards general acceptance of a treaty draft which should give the Europeans far more confidence of American backing.

Pressing For Assurance

The Europeans have been pressing for positive assurance that the United States will give immediate military assistance in event of aggression. The point at issue in Washington has been how far America should go in meeting this demand.

There is now said to be some likelihood — though no certainty —that the final draft may make some reference to the possibility of American "military action" against any country which might attack a member of the alliance.

The concern of the European countries about America's position isn't, I take it, due to any doubt that the United States would participate militarily in another major war in the old world. It's due to doubt as to "when" she would participate.

"When" Is Important

That matter of "when" is a mighty item in the calculations of the nations concerned. The consensus of military experts is that self-interest, if nothing else, would compel America to participate in another European upheaval. The experiences of two global wars have demonstrated that our forward defenses lie in the old world.

However, the fact remains that Washington didn't enter the last war formally until the Japanese had attacked Pearl Harbor, more than two years after Hitler had struck. A lot of hell can be—and was — brewed in two years. The prospective European members of the Atlantic Alliance have made it clear that they want to be sure Uncle Sam is in right from the start if trouble comes.

Must be Positive

More to the point, they feel that positive assurance would be the best possible deterrent to aggression. President Truman himself has emphasized that point. He reaffirmed at a press conference last week that American policy called for the agreement to provide "unmistakable proof of the joint determination of the free countries to resist armed attack from any quarter." He added:

"If we can make it sufficiently clear, in advance, that any armed attack affecting our national security would be met with overwhelming force, the armed attack might never occur."

I discussed this matter with an official of one of the European governments concerned in the proposed alliance. I can't name him, but he said the debate in Washington had produced some bewilderment among the European countries concerned. He thought it was creating abroad a doubt where a doubt didn't exist before.

Must Have Teeth

"All my country wants to know," he said, "is that the proposed pact won't be without teeth. We don't want to see any aggression develop. We want the potential aggressor warned.

"Some of the prospective members would feel better if they thought that, the minute an attack came, an atomic bomb would be dropped on the capital of the aggressor. But they figure that if action was delayed until the attack was debated in Congress, the whole of Europe might be occupied by the aggressor."

This remark about the atomic bomb was, I take it, used as a figure by way of emphasis rather than as advocating such procedure. The point was that sufficient advance warning would be likely to prevent aggression at all.

The Congressional Union—later the Natoinal Woman's Party—was formed in 1913 to agitate for women's suffrage by picketing the White House, burning the president's speeches and heckling speakers.

La Monte Club Met At the Mahin Home

The clothing leaders, Mrs. O. L. Bybee and Mrs. Raymond Wasson, gave a demonstration on restyling clothes for 1949 fashions, after which the club adjourned and a social hour was enjoyed. The hostess served refreshments to ten members and two visitors, Mrs. M. L. Wade and Mrs. Willard Hale.

Horace Mann PTA Meeting

The tea table was covered with a lace table cloth and in the center was a bouquet of yellow and blue flowers also yellow and blue candles.

The room count awards went to Mrs. Rhoads, downstairs and Miss Johnson upstairs.

Back in United States

Mr. and Mrs. Francis C. Rudd, 1210 South Avenue avenue, received a telephone call from their son William F. Rudd, fireman apprentice of the United States navy from Norfolk, Va., Monday evening. He said he had arrived in the United States that day, having served aboard the aircraft carrier USS Tarawa, with eastern Atlantic and Mediterranean forces for the past five months under the command of Admiral Richard L. Connolly.

He stated he would be in Sedalia in about 30 days.

New Zealand, in 1893, became the first country in the world to grant women complete suffrage.

The first European country to give women full suffrage was Finland, in 1906.

Talk on Sales, Research And Production

Given at Lions Club Meeting by Henry C. Schulte

Henry C. Schulte, director of sales and public relations for the Market Research Consumers Survey of Kansas City, addressed the Sedalia Lions club at the noon luncheon.

Mr. Schulte's subject was "Research, Production, Sales." The Market Research Consumers Survey gathers data on any subject for the purpose of assisting both consumer and producer for combined business improvement.

"Formerly," he said, "the average business man could know each of his customers personally, and he knew in advance what a particular customer would buy when he came in his store. But that was 50 years ago. Today you only know a small portion of your customers, and you don't know them too well as to their needs."

Statistics On Sedalia

The speaker pointed out that cross sectional surveys investigate where markets exist, and the demand for the product, illustrating with factual examples that the success or failure of a product in competition oftentimes depends on the public relations and good will between supplier and consumer, and such points as the packaging or color in which it is presented to the buying public.

"The per capita retail buying power of Sedalia for 1948 was $1,593," Mr. Schulte said. He added that this is $100 per year higher than Kansas City, and $400 higher than New York City.

Today's guests at the club were: Bernard Preuss, Bureau for the Blind for the state of Missouri, of W. H. Bunn; H. C. Hyatt, Kansas City, of Lloyd H. Parker; Ed Schott, St. Joseph, of Fred Kueck, Jr.; Tom Haven of Jerry Wells; Jimmie Glenn of Lloyd Phillips; and Kenneth Love of John Zander. Maurice Griffin, a new member, was the guest of J. Harold Seaburg.

Abe Silverman gave a brief outline of the objectives of the Red Cross and announced their approaching drive for funds for the coming year.

Gives Birth to Baby in Jail

PADUCAH, Ky., Feb. 23.—(AP)—Margie Downing, 24-year-old mother whose young son was beaten to death two weeks ago, gave birth to an eight-pound boy while alone in a jail cell here yesterday.

The mother and baby were removed to a hospital, where both were reported "doing nicely" today.

Miss Downing, the mother of three-year-old Larry Daniel Downing who was beaten fatally Feb. 8 at the home of Allison Frick near Lone Oak, was being held in McCracken county jail.

Deputy Jailer Edgar Owings discovered the baby when he went to her cell about 4 a. m. and called an ambulance to take the mother and child to the hospital.

A physician said the baby was not expected until April, but a hospital official said it "apparently was not premature."

Miss Downing was placed in jail last Wednesday and had been taken to the hospital twice since then. She is charged with committing a common nuisance by living with Boyd Allcock, 42, at Frick's home without being married to him. Frick also is in the county jail on a common nuisance charge.

Allcock, who has been charged with murder in connection with the fatal beating, has been removed to the Eddyville penitentiary as "a precautionary measure."

Auto Wrecked; One Injured

Two men escaped serious or possible fatal injury when their car dived from the highway and overturned, badly damaging it, a 1948 Frazier sedan, about 6 miles east of Sedalia on highway 50, Tuesday night about 8:40 o'clock.

A passenger who gave his name as James Robinson to Trooper Wayne Allman said driver of the car, Frank Boyes, both of Independence drove straight on instead of making the curve on the highway. The car overturned and landed 40 feet from where it started rolling.

The driver disappeared following the wreck and this afternoon a highway patrolman said Boyes had not yet been located.

James Robinson told Trooper Allman that the driver left the wreck and asserted was going to the Sedalia Airport to catch a plane for Kansas City, and then drive a car back here.

Robinson was picked up by a motorist coming to Sedalia from Smithton, and was taken to the Bothwell hospital and treated for cuts on his leg.

The car was towed to the Chamberlin's garage, Broadway and Engineer avenue.

Truman's Language Forceful

(Continued from Page One)

said:

"What I am leading up to is this—that there have been some very vicious attacks on my military aide, unjustified, and—I say advisedly—vicious.

Praised Military Leaders

The chief executive next praised Generals George C. Marshall, Dwight Eisenhower and Omar Bradley.

The praise of the generals prefaced Mr. Truman's remark that he was "just as fond and just as loyal" to his military aide as he was to the "high brass."

After his challenge to the commentators and columnists, he went on:

"I think I have one trait, and that is I never go back on a friend. A great many so-called friends have been a little jittery about me, sometimes, but I have never been. They were not so jittery on the 3rd of November as they were on the first.

Des Moines, Ia. Dyersburg, Tenn.

One fall with a 30-minute limit.

Time: 8:30 p.m., Wednesday.

Place: National Guard Armory.

Referee: Sommy Feeback, Belton.

Two grapplers will be on the weekly Pettis County Post No. 16, American Legion wrestling card tonight for their first appearance in Sedalia. They will be Jimmy Coffield, Kansas City, who will clash with Sonny Myers of St. Joseph, a long favorite of local fans, and "Red" Roberts of Dyersburg, Tenn., who is scheduled against Jay Steele of Des Moines, Ia. These two will open the wrestling session tonight at the armory, starting at 8:30 o'clock.

Nothing has been said about the new comers, but fans already know the reputation of Tarzan Kowalski of Poland, and Bob "Bulldog" Wagner of Poland, who will battle it out in the main event contest.

Fireworks Expected

The above two wrestlers polished off their opponents last week, so this will no doubt be an interesting contest to observe. The fireworks are expected to pop when these two giants get together tonight.

Sammy Feeback will be the third man in the ring. Last week he was roughed up some by Leo Newman who was wrestling with Tarzan. The referee is getting tougher and tougher with the wrestlers, and he made it clear last Wednesday night when he disqualified a man, that he does not anticipate to be one of the principals involved in taking the licking.

Object to Oleo Being Yellow

FESTUS, Feb. 23.—(AP)—Dairymen don't mind if oleomargerine manufacturers color their product if they make it something besides yellow.

About 1,000 members of the Sanitary Milk Producers Association from Missouri and Illinois yesterday heard General Manager Russell Spaulding urge margarine makers to "adopt another color of thei own."

Spaulding also uged dairymen to "unie more than ever before" in the face of what will be "a buyers' market instead of a sellers' market."

"We must keep this new threat to our milk income with more emphasis on quality milk production and more even production throughout the year," he said.

Mrs. Jimmy Dorsey No Longer Serious

BURBANK, Calif., Feb. 23—(AP)—The condition of Mrs. Jimmy Dorsey, 39-year-old wife of the bandleader, is satisfactory, St. Joseph's hospital said today.

The former beauty contest winner was burned severely early Monday when fire razed the couple's $125,000 Toluca Lake mansion.

The hospital said she no longer could be considered in serious condition. Physicians told Dorsey, on a southern tour with his band, that in view of the improvement in his wife's condition, he would not need to cancel contracts and fly to her bedside.

Bill for Aid To Schools of $84,991,543

Advanced to Voting Stage After Move For More Fails

By George Sitterley

JEFFERSON CITY, Feb. 23—(AP)—The Missouri House of Representatives withstood three efforts to raise state aid for public schools Tuesday. Then it advanced to final voting stage a bill to appropriate $84,991,543.

Unanimous voice vote approval of the measure came after nearly three hours of furious debate. Two Republicans offered amendments which would have raised the estimated $65,000,000 allotment to public schools by $5,000,000 to nearly $9,000,000.

Traditionally Missouri gives public schools one-third of the general revenue. But Rep. J. D. Swiers (R) of Greene county wanted to hike that to three-eights. He said it would give the schools about $8,600,000 more for the coming two fiscal years.

But Majority Floor Leader C. P. Turley (D) of Carter county said it looked to him as though Swiers "doth protest too much."

Appropriations Chairman Fred Ray Columbo (D) of St. Louis said Swiers' amendment would throw the budget out of line.

Rep. Luna Butler (D) of Gentry county said he, too, believed the schools should have more money. He offered an amendment to give the schools a flat $80,000,000. He was the only one who voted in favor of his amendment.

Swivers' proposal was killed on a 54-77 partisan vote.

Proposes $5,000,000 More

Rep. Melvin Fish (R) of Putnam county immediately offered a proposal to give the schools $5,000,000 above the one-third alotment.

He said he was against "raising the percentage of the school alotment" (as Swiers' amendment would have done) but "I went along just to be a good fellow."

That brought a new storm of protest from Turley.

He declared the house is representing the people, making laws for the people—"not voting for some measure just as a good fellow."

Fish replied that the majority floor leader misunderstood his remark.

Fish's amendment was defeated 50 to 78.

At one point Turley and Rep. Henry Andrae (R) of Cole county read each other's previous voting records.

Andrae said he couldn't understand why Turley as a minority party member last year voted to increase the public school allotment. Today, Turley was against any increase over the bill's provisions.

Turely replied that Andrae was in favor of cutting the allotment from one-third to 30 per cent back in 1943.

As advanced the bill carries these amounts:

More than $65,000,000 as the estimated one-third general revenue allotment to public schools.

Nearly $15,000,000 from the federal government as a grant toward school support.

Slightly more than $1,000,000 for the administration of the state department of education during the coming two fiscal years.

William III, who ruled England jointly with his wife, Mary, always was more interested in his sovereign duties as Stadholder of the Dutch United Provinces.

William III of England, who came to the throne when the revolution of 1688 cast out James II, was the grandson of a British king and the husband of James' eldest daughter, Mary.

Student Wins Dollar Heaving

FREDERICKSBURG, Va., Feb. 23 — (AP) — Charles Harding, 17-year old Fredericksburg high school athlete, won the Washington's Birthday dollar throwing contest Tuesday.

Harding heaved a silver dollar 370 feet, nearly 100 feet beyond the far bank of the 273-foot wide stream.

Five others of the nine high school youths competing achieved the feat. Legend says Washington threw a silver dollar from his boyhood home in Stafford county to the Fredericksburg side of the Rappahannock.

Harding's toss exceeded the 277-foot throw of the late Walter Johnson in 1936. The prize won by Harding's throw was a silver dollar donated by Bob Feller, Cleveland Indians' pitcher.

DOC BOB

There are over 400 different kinds of ink . . . the so-called water soluble inks, take a long time and lots of patience to get complete removal. Most inks contain a logwood dye to make them permanent on paper, which is also permanent on fabric. In other words, no cleaner can guarantee to remove ink, because he has to have a try at it first. The so-called home remedies . . . lemon juice, milk, and a thousand more, only tend to make a mess, in your kitchen, on your garment and for your cleaner. The cleaning costs are very small and our years of experience have taught us the only safe methods of spot removal. It is our profession and our life interest. Golden Gloves Tournament Thrills 8,845

Survivors of Preliminary Bouts Battle Tonight

CHICAGO, Feb. 23—(AP)—Survivors of 240 preliminary bouts battle tonight in 32 quarter finals engagements in the Golden Gloves Tournament of Champions in the Chicago Stadium.

The winners will have proved to be the best of 312 aspiring glove swinging amateurs who on Monday night opened their drive for places on the finals program. The champions will be crowned on March 4 and the team selected to represent Chicago in the Intercity matches with New York in Madison Square Garden March 28.

The huskier punchers, lads in the 147 pound, 167, 175 and heavyweight divisions, thrilled a crowd of 8,845 last night with stirring battles fought in three rings.

Standout winners were Herschel Acton, Oklahoma City and Chicago's Dick Guerrero, two '48 champions, both battling in the same 147 pound class. Each scored double victories. Acton, 1948 lightweight titlist, is seeking Guerrero's welterweight title this year. He started his quest by defeating Henry Webb of Cincinnati and Jimmy White of Milwaukee.

Three Round Victories

Guerrero, the only defending champion, registered three round victories over Ben Garnes, Kansas City Indian, and Andy Anderson of Indianapolis.

In the principal heavyweight bouts, Bill Bangert, National AAU 1948 heavyweight finalist, scored a double victory. The 241-pound Bangert representing the St. Louis boxing team, was awarded a booed three round decision over Desry Sykes of Chicago and then came back to defeat Raul Flores, 247-pounder from Fort Worth, Texas, in another three rounder.

John Palmer Expected to Win Tourney

By Harold V. Ratliff

HARLINGEN, Tex., Feb. 23—(AP)—Johnny Palmer may be arriving a year late as golf's leading money-winner.

It was in February of 1948, during the first annual $10,000 Rio Grande Valley Open here, that George Schneiter, chairman of the PGA tournament committee, predicted the Badin, N. C., star would be the No. 1 earner of 1948.

Palmer didn't make it. But he returned to the Rio Grande Valley Open, starting tomorrow amid general forecasts that he will turn the trick in 1949.

Palmer joined the touring professionals Jan. 27 at Phoenix, Ariz., and had participated in four tournaments this year, winning $3,915.33, including were third places and first money of $2,000 last weekend in the Houston Open.

Top Entries

Lloyd Mangrum of Niles, Ill., is the No. 1 man and Jimmy Demaret of Ojai, Calif., No. 2. Mangrum has won $6,170 and Demaret $5,862.50.

A total of 219 players entered the Rio Grande Valley tournament but after withdrawals and a qualifying round for amateurs not on the exempt list, the field was cut to 140 that will move into the first 18 holes.

In a warmup round yesterday Ky Laffoon, St. Andrews, Ill., and Dick Metz, Arkansas City, Kas., and Virginia Beach, Va., turned in 65's. Metz had a hole-in-one on Nov. 17, a 160 yarder.

1949 Fishing Rules to Stand

JEFFERSON CITY, Feb. 23—(AP)—Missouri's 1949 fishing rules will stand, despite the howls of protest.

The State Conservation Commission made that clear last night after studying objections of southwest Missouri sportsmen and resort owners to two regulations.

One bars fishing within 75 yards below a dam. The other keeps the lake season on black bass and jack salmon closed until May 30, instead of March 15 as in previous years.

The objectors told their story to the commission at a session here Feb. 1.

Last night the commission replied the protests are not valid.

"With the removal of length limits on fish of all species (last year) and with the opening of the season on all fish except black bass and jack salmon on March 15, the net trend of regulations is on the side of liberalization," the commission's statement said.

The agency said it is convinced the new rules are better both for fish and fishermen.

One phase of current protests was not mentioned—a bill pending before the legislature to strip the commission of rule making power.

Mo. Valley Beat Westminster

KANSAS CITY, Feb. 23—(AP)—The Culver-Stockton Wildcats have set the stage for their game with Missouri Valley at Canton Friday night that could result in a tie between the two teams for the M.C.A.U. basketball title.

It will be the last game for both teams. Culver-Stockton defeated Tarkio, 79-57, at Canton last night and now has a record of 8 wins and 2 losses.

Missouri Valley beat Westminster at Marshall last night, 62-40. Bill Kleine, playing his last home game for Missouri Valley, scored 23 points.

Sedalia's High Flyers Defeated

Sedalia's High Flyers were "grounded" at Moberly last Sunday. The bowlers had a hard time adjusting themselves to Moberly's fast alleys.

Moberly's high game of 1000 pins was the largest total seen by Sedalia's team this year. A return match here will be bowled, March 6.

The Flyers will go to Boonville Sunday.

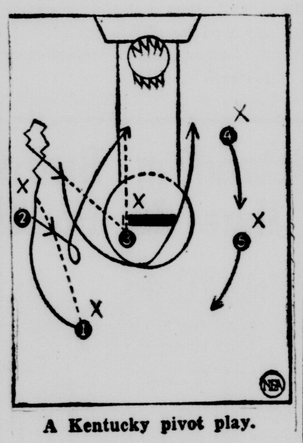

Kentucky Pivot Play Setup By Beard, Groza
By Adolph Rupp
Kentucky Coach

LEXINGTON, Ky. —(NEA) — Kentucky uses quite a few fast-moving pivot plays.

Little Ralph Beard sets them up in no time at all.

Alex Groza, being fast as well as big, is a very important asset in the pivot position.

Beard, one, starts the play shown in the accompanying diagram by passing to the left forward, two, who comes out to meet the pass. One cuts behind two, and as he does so, the latter flips him the ball. One takes a short dribble, pivots to the outside and passes the ball to the pivot man, Groza, three. Two moves toward the inside, pivots to the outside and cuts for the basket. One acts as a screen for two, the latter cutting just off one's back.

A Kentucky pivot play.

Three passes to two, who is in good scoring position.

As in all pivot maneuvers, three has the option of passing to one, who breaks around to the other side.

If neither is open, he can attempt a hook shot.

One is in fine rebound position on the right side of the court.

Four and five pull back to insure proper defensive balance.

Italian Track Coach for Spain

MADRID — (AP) — Spanish track stars have gone to Italy to get an expert coach. Mova G. Battista, former coach of Turin University and student of American track coach Boyd Comstock, has just arrived in Madrid.

Battista has been hired by the Spanish Student Syndicate and the Falange Youth Front which have the largest number of track and field athletes in this country.

Drobny stars in net film

PRAGUE—(AP)—Jarsolav Drobny, Czech star who is confining his sport activity to tennis and forsaking hockey this winter, will star in adocumentary tennis film planned by Director Jiri Swirth. Much of the film will be devoted to the three hour match here last summer when Drobny defeated American Frankie Parker in five sets.

Track's First Starting Gate

Track's first starting gate was used for the first time in New York in connection with the National Indoor AAU Championships at Madison Square Garden, and was a success. Jack Lavelle pulls the lever, opening the gate and firing the gun, which is at the top center. Off go Edward Terranova, of Seton Hall, South Orange, N. J.; William Blair of Lawrenceville; Albert Fletcher of Tabor Academy, Marion, Mass., and Donald Asen of Perkiomen of Pennsburg, Pa., the eventual winner, left to right, in a prep school 60-yard heat.

Bears the New MIAA Champions

KANSAS CITY, Feb. 23—(AP)—The Southwest Missouri State Bears were the new MIAA basketball champions today, thanks to a bit of assistance from the retiring champion Kirksville Bulldogs.

Kirksville defeated Warrensburg, only team having a chance to share the title with Springfield, 63-59 in an overtime period at Kirksville last night. It was Warrensburg's third loss and their last game of the season, giving the Mules a 7-3 league record.

Springfield, the only undefeated college team in the nation, has eight league victories and have only two more games to go.

The Bears are boasting their first MIAA championship since 1937 and its a sweet one for Coach Andy McDonald's team, which hopes to gain further recognition in the National Intercollegiate tournament at Kansas City March 7-12.

The Bears will have to wait until after Friday, however, before learning which MCAU team they will have to beat for the district 16 bid to the NAIB. Culver-Stockton and Missouri Valley will meet in the final MCAU tilt at Canton and a Culver-Stockton victory would throw that loop's race into a tie, making necessary a one-game playoff.

Rolla lost a non-conference tilt with Washington university of St. Louis last night, 38 to 67.

Wrestling Crowd Was Disappointing

NEW YORK, Feb. 23—(AP)—Professional wrestling made a disappointing return to Madison Square Garden last night, drawing 4,197 customers for a show featuring Gorgeous George.

Promoters, who brought the sport back under the Garden roof after a 12-year layoff, had predicted a crowd of more than 10,000. Rain probably discouraged many patrons.

George, the marcelled Hollywood showman, won the feature attraction, tossing Ernie Dusek of Omaha, Neb., in 26 minutes and 57 seconds. It was a one-fall affair.

Barcelona is Spain's largest city, with a population of more than 1,500,000 persons.

• Sports Roundup

By Gayle Talbot
(For Hugh Fullerton, Jr.)

NEW YORK, Feb. 23—(AP)—Jim Braddock, whom some old-timers will recall as the heavyweight champ before Joe Louis took over a dozen years ago, doesn't hesitate to tab Joe as the greatest of them all. "I didn't stand a chance against him," Jim admits. "And he has defended his title more times than all the champions put together since John L. Sullivan." Ted Atkinson, Coaltown's jockey, has no doubts about his steed's ability to go a mile and a quarter in Saturday's Widener Handicap. "I think he can run from here to the Rocky Mountains," he says firmly.

Orders Aplenty

Although the ticket sale for the Southern Methodist-Notre Dame football game at Dallas next Dec. 3 will not start for six months, SMU authorities say they already are receiving several hundred orders a day and that they probably could sell 200,000 ducats if they had the seats to go with them. The National league champion Boston Braves are having better than their share of contract troble, partly because they won the flag and partly because they shelled out a reputed $75,000 bonus to sign Johnny Antonelli, an untried schoolboy pitcher. It is natural for the other lads to want in on the gravy.

DiMag's Neck Out

Back from Mexico where he caught a 10-foot sailfish, Joe DiMaggio picks the Yankees to win the pennant and indulges in a crack he is likely to hear from later on, as follows: Some of those Cleveland fellows should begin to feel their age about July." Joe is out of the rookie class himself.

All Event King To Be Crowned

ATLANTIC CITY, N. J., Feb. 23—(AP)—A new all events king is due to be crowned in the American bowling Congress 46th annual tournament.

Ned Day of West Allis, Wis., who won the all events in Detroit last year with 1,979 total, finished out of the first ten when he rolled 1,813 yesterday. The current leader is Joe Van Winkle, Charlestown, W. Va., with 1,872.

Tigers Will Play Boonville

Tonight, the Smith-Cotton Tigers will start their first step up the ladder when the team meets Boonville Catholic high school at 6:30 o'clock at the Missouri Valley college gymnasium at Marshall.

If the Tigers win the sub-regional tournament, it would put them one more step up the ladder, and if they go through the regional and on to the state tournament like local, and some state sport forecasters, predict—the Tigers would end up on the top rung of the ladder.

Friday evening at 6:30 o'clock, winners in the Sedalia-Boonville game will play the victor of the Smithton-Slater game, which is also staged for tonight.

Coach Howard Glavin said Ralph Walker one of the A players of the Tiger team would not be able to play tonight's contest, due to illness. The coach wasn't definitely sure whether he would recuperate in time or not to get in any of the contests, that is if the Tigers advance further than in tonight's game. These tournaments are being played by single elimination.

The Tiger team will leave Sedalia about 4:30 this afternoon.

Will Propose More Senators

McGrath Would Advocate Three From Each State

TOPEKA, Kas., Feb. 23—(AP)—Sen. J. Howard McGrath of Rhode Island said tonight he will propose to congress this session that three senators instead of two be elected from each of the states.

The chairman of the Democratic national committee said he will present this "challenging" proposal to the nation's lawmakers as a means by which the federal government "may more efficiently meet its growing responsibilities."

McGrath told a Washington Day meeting of Kansas Democrats that increasing the membership of the United States Senate by one third would accomplish these ends:

Speed up the legislative process.

Distribute the load now being handled by too few senatorial committees.

Make political organizations more alert.

Enable each state to be recorded on important issues.

McGrath said a resolution to amend the constitution and provide for the three senators will be introduced by him in the congress. It would have to be passed by congress and adopted by the legislatures of three fourths of the states.

Explains His Idea

The New England senator said the idea of two senators for each state dates back to times when the nation's population was between 10 and 15 million and the federal government's responsibilities were much less than they are today.

McGrath, who guided the successful Democratic campaign last fall, said the senate, as it is made up now, frequently does not record states on important issues. Quite often, he said, their senators take opposite views on major legislation.

In addition, he declared, the senate is "not always responsive to rapidly changing sentiment."

A senatorial election every two years, he said, would create a "healthy situation" and make political organizations more alert to the nation's wishes.

Rate Chances Poor

WASHINGTON, Feb. 23—(AP)—Senator McGrath's chances of getting his three-senators-for-every-state plan through congress looked poor Tuesday night.

Opposition was expressed by senators from each party.

Told of the proposal, Senator Lucas of Illinois, the Democratic floor leader, said:

"Oh, my gosh! As much as I love and respect Senator McGrath, I wholly disagree with him. It's the first time I ever heard of the idea and I am completely against it. The present system is working all right."

Senator Ferguson (R.-Mich.):

"I don't see any merit in the idea. I don't see how increasing the size of the senate would increase efficiency. The senate is a place where, because of its present size, matters can receive very careful and efficient consideration."

Green Ridge

Mrs. Verna Palmer

A Junior Garden club was organized in Green Ridge by the Green Ridge Garden club Friday evening at the school building in the seventh and eighth grade rooms. Mrs. J. M. Palmer, president of the Garden club, presided over the meeting and installed the following officers of Circle one: Shirley Beth Bullard, president, Betty Sue Ward, first vice president; Betty Jean Tucker, second vice president; Morna Jean Kirschner, secretary. Drue Ekhoff, treasurer. Miss Marjorie Minor teacher of the seventh and eighth grades in the Green Ridge school is the leader of Circle one.

The officers of Circle two were also elected and installed as follows: Jeannie Hagar, president; Joyce Brown, first vice president; Millie Hollenbeck, second vice president; Agnes Iman, secretary; Louise Vannoy, treasurer. Miss Rosilea Stark is the leader of Circle two. The club members will meet at the home of Miss Stark on Tuesday, March 8, in a joint meeting of the two circles to select a name, slogan and theme song.

Mrs. Clarence Purchase gave a pep talk. Refreshments of ice cream, topped with cherries, cookies and punch were served by Mrs. Clarence Purchase, Mrs. Harley Williams, Mrs. Ralph Stewart, Mrs. Vivtor Ward and Mrs. J. M. Palmer. As a reminder of Washington's birthday, some of the cookies were hatchet shaped and small stickers of flags decorated the napkins.

Mrs. H. A. White was hostess to members of the Mutual Improvement club at her home in Green Ridge Saturday afternoon, with Mrs. Clarence Mahin assisting hostess. Refreshments were served preceding the progrom.

An interesting and informative program was presented by the Fine Arts department, of which Mrs. Floyd Egbert is chairman. Those taking part in the program were Mrs. Russell Miller, Mrs. L. B. Beach and Miss Gayle Kendrick.

The program topic was decorating with wall paper. The president, Mrs. Waldo Harbit, prescided over the business meeting during which the members discussed the proposition of sending a local sophomore to Jefferson City in April in the annual pilgrimage and building a better community contest, was also discussed.

The new year books and honor roll requirements of Federated clubs, set up State Federations, were distributed.

Roll call was answered by 15 members. Mrs. J. A. Gondon, Mrs. Ebert Close and Mrs. Hut McClure were guests.

Busy Meeting Of Arator Club

The Arator Homemakers club held its regular monthly meeting on February 16 at the home of Mrs. Norvel Cook, with 15 members and eight visitors present. A contributive dinner was served during the noon hour.

Mrs. J. J. Cramer, president, called the meeting to order by singing the club song. Roll call was answered by reading the verse on the Valentine each member had received. The devotional was given by Mrs. Ernest May, Sr., and the secretary-treasurer, Mrs. John Long, gave her report. Mrs. Charles Wilson gave a report on the flower fund.

The clothing leader gave a demonstration on making shoulder pads and restyling clothes. Projects for Standard of Achievement were selected. A Valentine poem was read by Mrs. Herbert Johnson.

A shower of food, clothing, and a comfort made by the club members was given to the Frank Eckerly family, who recently lost their home by fire. A donation of $2.60 was contributed to the March of Dimes.

Games were led by Mrs. Monroe Cook.

Visitors present were: Mrs. Vernon Carrico and Donna Kay, Mrs. R. V. Wilcox, Mrs. Add Johnson, Herbie and Mary Kay Johnson, Bobby Dale May, and Gary Cook.

Mrs. Margaret Youngkamp will be hostess to the next meeting on March 16.

Bandleader's Wife Suffers Burns

Mrs. Jimmy Dorsey, wife of the bandleader, is attended by Nurse Carmen Powers at a Los Angeles hospital where she was taken after suffering serious burns in an early morning fire at her palatial Toluca Lake home near Hollywood. The Dorseys' $125,000 home was gutted with losses including the musician's irreplaceable collection of records and musical arrangements. (NEA TELEPHOTO)

Founders Day Held at Washington

The Washington Parent Teacher Association met at the school Friday afternoon.

The devotional was given by Mrs. G. H. Abney who read "A Parable For Mothers."

The president, Mrs. Edwin Shoemaker, presided during the business meeting.

The school program was given by the first grades with Mrs. Roy Spears, Mrs. Fred Rodecker and Miss Frances Garman in charge. The children presented a program of Chinese songs with Mrs. Rodecker at the piano. A sextette composed of Gary Bryan, Charles Goetz, Richard Lilly, Junior Murphy, Lewis Todd and James Weldon dressed as Chinamen sang a very clever song. During changes of scenery Beth Wicker played a piano solo "The Shoemaker's Shop." The second part of the program was "The Three Little Pigs," performed in song and story by the children with the following particular characters:

The Three Little Pigs, Phyllis Day, Lewis Todd and Theodore Phillips, Jr. The Wolf, Marguerite Holm. The Men With Straw, Sticks and Bricks, Junior Murphy, Charles Goetz and Paul Williams. Narrator, Beth Wicker.

Mrs. White Presiding

Mrs. L. C. White, Founders Day Chairman, presided during the remaining part of the afternoon and introduced all past presidents who were in the audience and presented each with a red rose. Mrs. White gave a short history of the national PTA and the Washington PTA and then presented a pageant "PTA Cornerstones" by the following ladies:

Spirit of Founders, Mrs. Edward Matthews. Home, Mrs. Emmett Cramer; School, Mrs. Charles Bennett; Church, Mrs. Charles Griggs; Community, Mrs. T. M. O'Bannon; Spirit of PTA, Mrs. Garnett Starkey; Washington PTA President, Mrs. Edwin Shoemaker.
